DOMMER PRESENTASJON:

As a kid I was always attracted to dogs, and animals in general. Sadly I was never allowed a dog at home, so I kept a set of playing cards in my drawer with a rough Collie on top. That was my dream. Who would have thought it took years before I got my first dog, and it wasn't a Collie.

Searching for that one breed that would fit our family with 3 young children I couldn't imagine finding it literally around the corner. A neighbor was breeding Coton the Tulear and seeing them for the first time made me fall in love. The neighbor became a lifetime friend and I learned how to groom, show and breed. I found my hobby 28 years ago.

After about 12 years my eye fell on a breed that I had never noticed before. It was stunning!

I was trying to find out all I could, this was a breed I wanted to have. It took a long time but finally I got my first Lowchen Nena in 2008, from Finland. I picked her up in Sweden at the clubshow and met so many wonderful people. My second Lowchen Emmi I picked up in Norway a year later. It was a whole new world, I found many dear friends and a passion was born.

After 14 years in Lowchens, almost 30 years in the dogworld and many shows and visits to other countries later, it's a great honor to be back again in

wonderful Norway to judge the clubshow. I can't wait to meet everyone again and am excited to see all your Lowchens. It's been a while, and it feels good to be back.
